Dear Kevin

I write in response to your request for information on your health care with me by email dated October 20/11. My records indicate that you were first seen in my office as a patient Jan 9 2004. I have personally reviewed your entire record in my possession both written and electronic (EMR started in the fall of 2007), and can confirm there are no entries of a psychological, psychiatric nature or relating to any mental disorder.

Further I can confirm from memory that you did bring your children to many of there medical appointments. I have no recollection of you demonstrating any behaviour which was inappropriate or would suggest in any way that you did not care for them in a loving well intentioned manner.

Please let me know if I can be of any further help.

Sincerely

W. Ross McIlquham B.Sc., MD., CCFP, FCFP
